*Let us consider how we may spur one another on toward
love and good deeds, not giving up meeting together,
as some are in the habit of doing,
but encouraging one another.*
Hebrews 10:24-25

DEAR TOUCH TEAMS,

Youth ministry in the North NZ Conference aims to connect young people to Jesus Christ, to each other, to their local church, and to their community.

All our NNZ Conference sports tournaments are designed to meet this purpose through the following three goals:

CONNECTION To provide opportunities for Adventist young people to grow healthy Christian relationships with each other and to build a positive relationship with their church.

NURTURE To provide a program where our young people can be connected to God and be a better disciple for Christ, even during the extreme pressure that comes with playing sport.

SERVICE To provide a venue where Adventist young people can make a difference in their community when they come together.

To meet these purposes, we are encouraging the participation of as many active Youth of the Seventh-day Adventist Church as possible. Below is the participation policy for all teams:

All questions, forms and fees should be forwarded to:

What Does The Child Cancer Foundation Do?

The Child Cancer Foundation is a not-for-profit charity that has provided emotional, practical and financial support to children and their families affected by child cancer for the last 30 years in New Zealand. From the time of diagnosis, throughout the journey of treatments and subsequently the transition back into the community, the Foundation is there to offer support and care to all members of the family. More than 150 children in New Zealand are diagnosed with cancer each year and the Foundation can support up to 900 families at one time.

Why Is It Important To Support Their Work?

First, the work of the Foundation is some of the most worthy and challenging of any charity. The Foundation is committed to supporting children and families through some of the most traumatic times possible.

Second, the government does not contribute towards the \$3 million needed each year, so the Foundation relies on the generosity of individuals and organisations in the New Zealand community to continue its work for families.

Finally, as followers of Christ, we are called to look after the hurting and hopeless in our community. It is our privilege and duty to be able to support others who are also committed to this vision.

Our Help Will Make The Difference!

To find out more information about the Child Cancer Foundation, including stories about the children who have been helped and information on how donations are used, see www.childcancer.org.nz

There will be some opportunities to collect money at the Touch Tournament but we also encourage churches to take the initiative to do some fundraising locally beforehand. Let's show the world that Adventist young people care and are committed to helping.
